ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH.

Council Offices ,
Cross Street,
L E E S ,
Nr. Oldham.

To the Chairman and Members of the Urban District Council of Lees.

Mr. Chairman and Gentlemen,

I have pleasure in presenting the annual report for the year 1954. The birth rate shows a marked decrease from the previous year but is comparable with the birth rate for the Country as a whole, whereas the death rate shows only a slight increase on the previous year and is comparable with the average of the 5 years 1949/53. The outstanding cause of death at all ages has been heart disease, accounting for over 50% of the deaths.

Apart from the measles epidemic, commencing and gathering momentum throughout the last quarter of the year, the number of infectious diseases notified was small, with no resultant deaths. Once again, it is gratifying to note that no cases of diphtheria occurred during the year.

During the year, there were 2 infant deaths, giving an infant mortality rate of 36 per 1,000 live births. In both cases, death occurred within the first four weeks of life.

I welcome this opportunity of expressing my thanks to the Chairman and members of the Health Committee for their interest and support throughout the year in the work of this department, and to Mr. Oakes for his ever-willing co-operation.

Yours sincerely,

T. P. O'GRADY,

Medical Officer of Health.

GENERAL PROVISION OF PERSONAL HEALTH SERVICES.

These services are administered by the Lancashire County Council and for this purpose, Lees forms part of Health Division No. 14. The Medical Officer of Health is also Divisional Medical Officer and the address of the Divisional Office is "Tylon", Middleton Road West, Chadderton, Telephone number MAIn 6251/2.

Maternal and Child Health Services.

One midwife is employed to serve the district and ante-natal clinics are held at the Princess Street Methodist School on the afternoons of the second and fourth Monday in each month. The Health Visitors and School Nurses serving the Failsworth part of the Division also serve Lees, and Child Welfare Clinics are held on Wednesday afternoons at the Princess Street Methodist School. Welfare foods such as National Dried Milk, Cod Liver Oil, Orange Juice etc. are now available at the Child Welfare sessions.

No school clinic facilities are available in Lees and children attend at the clinic at Firs Hall, Failsworth.

Ambulance Service.

This service is now administered by the Lancashire County Council and Lees district is served from the County Ambulance Station at Mossley, which is in Health Division No. 17.

Home Help Service.

Home Helps are available for emergency, priority being given to maternity cases and the elderly sick. The services of a Home Help can be obtained on application to the Divisional Medical Officer and a charge is made for this service, according to the means of the applicant.

Home Nursing Service.

A full time district nurse is employed in Lees.

Hospital Services.

Hospitals available for the residents of Lees are:-

General & Maternity cases	- Oldham & District General Hospital.
Infectious Diseases	- Westhulme Hospital, Oldham.

Tuberculosis.

The Chest Clinic was transferred during the year from Chadderton to the Oldham and District General Hospital, where all cases suspected of tuberculosis are now referred. Special health visitors are engaged in the follow-up of cases and the tracing of contacts.

Welfare Services.

Residential accommodation for those in need of care and attention is available at Oldham and District General Hospital Annexe, or at one of the three hostels within the Division.

REPORT OF THE SANITARY INSPECTOR AND CLEANSING
SUPERINTENDENT.

Health Department,
Council Offices,
Cross Street,
LEES,
Nr. Oldham.

To the Chairman and Members of the Health Committee.

Gentlemen,

I have pleasure in presenting my Annual Report upon the Sanitary Administration of the district and the work done during the year 1954.

Details of this work are given in the following pages, so I take this opportunity to express my thanks and appreciation to the members and officials of the Council and to the staff for the co-operation and assistance I have received during the year.

GEORGE OAKES

Sanitary Inspector and Surveyor.

SANITARY ADMINISTRATION.

WATER SUPPLY.

There is an efficient supply of water of good quality provided from the Oldham Corporation Waterworks for the whole district.

Action taken in respect of any form of contamination.

Filtration and Chlorination takes place at the source and tests are carried out by the Oldham County Borough.

No cases of lead contamination have been notified.
6 new houses built by the Council were supplied with water.

RIVER AND STREAMS.

The River Medlock flows along the Western boundary of the District. Two other streams converge on the Eastern boundary and join the River Medlock at the South West part of the District at Holts.

SEWERAGE AND DRAINAGE.

Sewerage of the whole of the district is conveyed to the sewers of the Oldham County Borough - the flow being checked by Lea Recorders - and is treated at their Outfall works at Slack's valley.

All drains are examined before being covered in, and smoke or water tests applied where applicable.

CLOSET ACCOMMODATION.

Privy Middens	0
Pail Closets	0
Dry Ash Pits	0
Movable Ashbins	1492
Trough Closets.....	0
Waste Water Closets	64
Fresh Water Closets	1525
Number of houses on water carriage system	1518

Conversions during 1954.

Number of Trough closets to fresh W.C.'s.....	0
" Waste " " " " "	4
Number of houses at which movable ashbins were substituted for fixed receptacles	0

SCAVENGING AND REMOVAL OF HOUSE REFUSE.

This is carried out satisfactorily by the Sanitary authority by weekly collection and a salvage scheme is operated. Refuse is collected weekly by motor vehicle and disposed of by partially controlled tipping at the Council tips at Tumbling Bank and old sewage works. Approximately 1400 tons of refuse were removed.

The Council since 19th September, 1951, have operated a scheme for the provision and maintenance of Dustbins as a charge upon the General Rate fund. During 1954 108 Dustbins were provided.

Sanitary Inspections during 1954.
including Houses.

During the year 919 premises were visited of which 434 were dwelling houses and 485 various other premises.

In the course of these inspections 156 defects or nuisances were found and 134 were abated.

Sanitary Inspections during 1954
including houses. (cntd.)

To secure the abatement of these defects and nuisances 102 informal and 9 formal notices were served upon the owners or agents in addition to personal interviews by the Sanitary Inspector.

SCHOOLS.

These are four day-schools in the District. The sanitary condition of the W.C. and lavatory accommodation at the schools within the District is fair, some of the accommodation is obsolete and requires attention at one school the W.C. accommodation was converted from trough type to fresh water W.C.'s. All the schools are supplied with water from the district mains.

SHOP ACT, 1950.

There are 91 shops in the district, which were visited at least twice during the year.

SMOKE ABATEMENT.

One lead peroxide guage fixed at the Cemetery forms part of the joint Regional Scheme formed by seventeen Local Authorities to investigate atmospheric pollution.

Number of Factory chimneys in the district 9
Time limit allowed, and for what period, for black smoke emission 4 min./hour for each working boiler.
No. of observations taken during the year 3
No. of legal proceedings and results NIL.
